Description of works:

Regularisation of a physical internal alteration.

1. INTRODUCTION

Brown & Co are instructed to undertake a Heritage Statement for the regularisation of internal alterations at Low Farm, Stradbroke.

This report has been commissioned following direction from the Local Planning Authority who have requested that a heritage statement be produced to fulfil the requirements of Paragraph 128 of the National Planning Policy Framework (NPPF) which states that:

"In determining applications, local planning authorities should require an applicant to describe the significance of any heritage asset, including the contribution made by their setting. The level of detail should be proportionate to the asset's importance, and no more than is sufficient to understand the potential impact of the proposal on their significance."

This statement is structured as follows:

Section 1: Introduction

Section 2: Site Locations

Section 3: Farmhouse

Section 4: Statement of Significant

Section 5: Alterations

Section 6: Assessment of Impact

Section 7: Conclusions

This statement should be read in conjunction with the details submitted with the Listed Building application and the revised plans.

2. SITE LOCATION

The site is located respectively 2.3 miles east of Stradbroke. Access to the site is via a drive off Fressingfield Road. The Grade II Farm Farmhouse is located on the west side of the U-shaped 19th Century 'Low Farm' Farmstead.

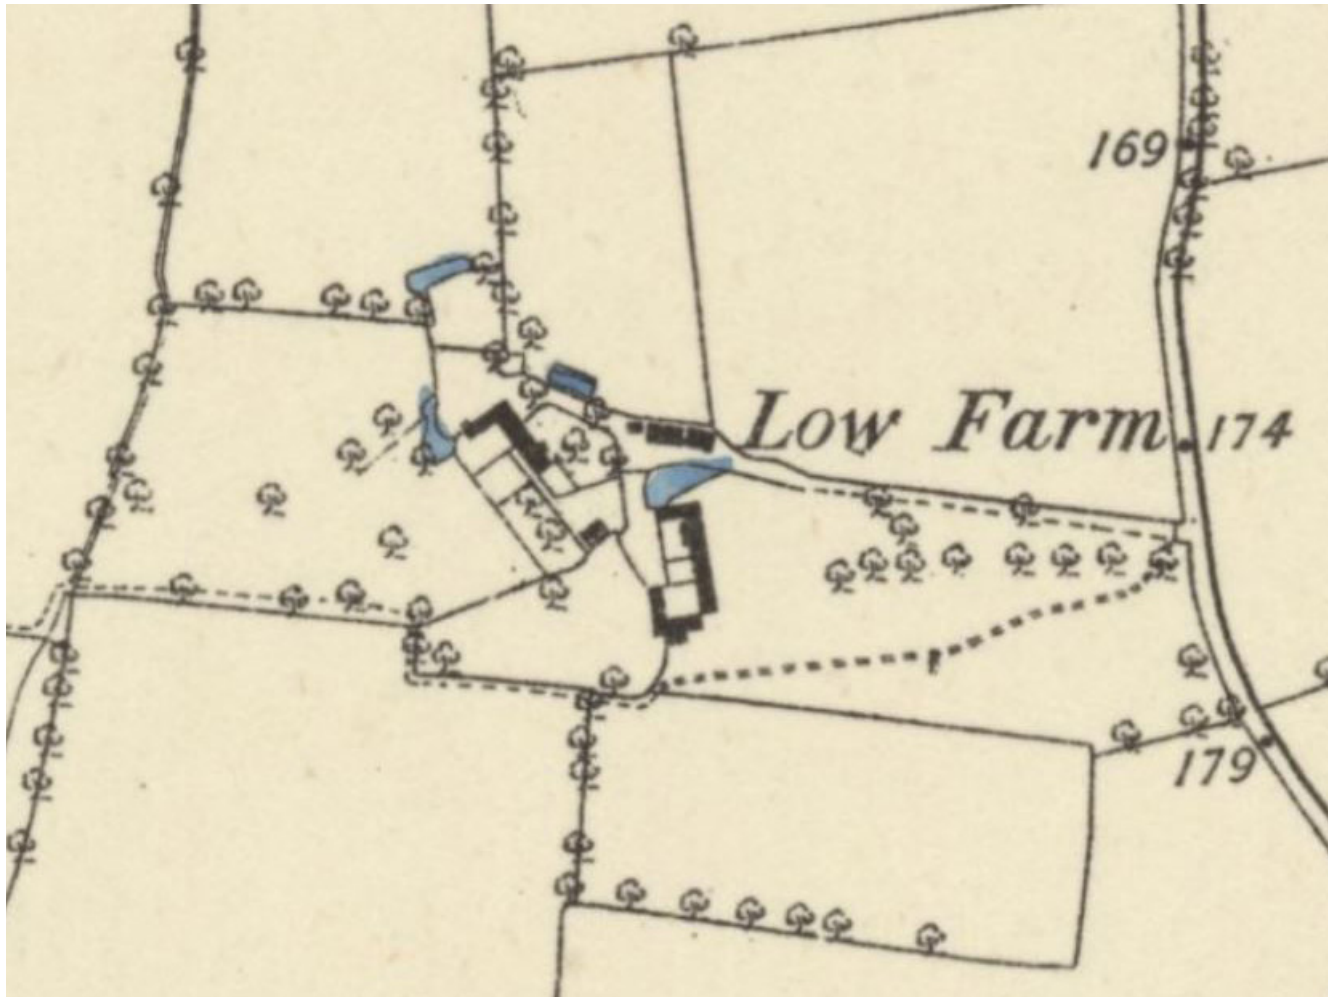

3. FARMHOUSE

The 16th-century farmhouse is arranged over two main stories with a partial attic story. The Layout is a 3-cell plan. It is constructed in timber-framed and plastered walls and a pantile roof.

4. STATEMENT OF SIGNIFICANCE

The list description for Low Farm dates is to the sixteenth century.

The Historic England listing:

STRADBROKETM 27 SE

4/72 Low Farmhouse - - - II

Farmhouse. C16. To left a C19 service wing, in course of demolition at time of survey (April 1986). Timber framed and plastered with pantiled roof. 2 storeys and attic. 3-cell, lobby entry type. Casement windows, mainly of C18-C19 date. C19 plastered gabled porch with C19 4-panel door, the upper panels glazed. Internal stack with rebuilt shaft. Most of ground floor structure concealed: shaped heads to hall and parlour storey posts; remains of cross-partition at lower end of hall has one square-headed service doorway with original door. Good C16 newel stair: adjacent cupboards have butterfly and H-type hinges. Intact first floor frame with reversed bracing. Original attic floor with plain joists (where visible). Solid-tread attic stair with early door. Chamfered-mullion windows in both gables. Roof has a single row of clasped purlins and arched wind-bracing.

Listing NGR: TM2557474118

The Ordnance Survey Map from 1884 shows the Farmhouse with a service wing.

5. ALTERATIONS

The applicant has made internal alterations to increase the kitchen space.

Partitions have been removed and a stair has been removed. The top plate/ beam and a column have been retained. The works have been started and completed in October 2017.

6. ASSESSMENT OF IMPACT

The proposal is within an existing building therefore not materially affecting the proportion, height or mass. The alteration is of a scale that is considered appropriate and commensurate to the use.

The alteration would represent a minor amendment that would not harm the character and appearance of the building. The alteration has not resulted in harm to its setting and significance.

The alteration does provide a useable kitchen space to modern standards.

This use ensures the continued viability of the residential use.

7. CONCLUSION

The alteration is a minor amendment that would not harm the character and appearance of the building. The alteration is within an existing building and of a scale that is considered appropriate for the site, it does not significantly detract from the historic setting.
