Details of the pre-application advice received

The current application needs to be withdrawn and whilst in principle I have no objection to the changes proposed to the building itself, the changes could not be undertaken as a variation to the permission and would require a full planning application to be submitted again. This is primarily because the replacement roof was not included within the description of the works for the original planning application. My suggestion would therefore be to withdraw this current application and to submit another application seeking planning permission.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

- No
