Site Location Plan

ABBREVIATIONS			
AR	Assumed Route	MH Manhole	WO Wash Out
AV	Air Valve	MP Marker Post	
BB	Bottom Bank	OHL Overhead Line (approx)	
BH	Bore Hole	PBOX Post Box	
BED	Bed Level	PM Parking Meter	
BOL	Boilard	PO Post	
BS	Bus Stop	FRF Post & Rail Fence	
FBW	Barbed Wire Fence	FPW Post & Wire Fence	
FCB	Close Board Fence	RE Rodding Eye	
CH	Cill Height	RIDGE Ridge Level	
CL	Centre Line	RP Reflector Post	
FCL	Chain Link Fence	RSD Roller Shutter Door	
Col	Column	SP Sign Post	
FCP	Chestnut Paling Fence	Spring Arch Spring Point Height	
Dchnl	Drainage Channel	SV Stulce Valve	
DP	Down Pipe	SW Surface Water	
Eaves	Eaves Level	Stay Stay	
EP	Electric Pole	Tac Tactile Paving	
ER	Earth Rod	BT Telecom Cover	
FB	Flower Bed	TPT Trial Pit	
FH	Fire Hydrant	THL Threshold Level	
FFL	Floor Level	TL Traffic Light	
FP	Flag Pole	TOW Top of Wall	
FW	Foul Water	TP Telegraph Pole	
G	Gully Grate	CATV Cable TV Cover	
GAS	Gas Valve	UTL Unable To Lift	
IC	Inspection Cover	Vent Vent Pipe	
IL	Invert Level	Bin Waste Bin	
KO	Kerb Outlet	WL Water Level	
LP	Lamp Post	WM Water Meter	

DRAWING NOTES

This survey has been carried out using a Leica BLK 360 Laser Scanner. All lines / features have been determined from the scanned point cloud data.

All Dimensions are in metres.

All building descriptions and construction type are indicative only and taken externally from ground level.

Drainage runs between inspection covers have not been investigated. Any shown are estimated and not confirmed. All pipe sizes and connections should also be confirmed with your local drainage authority before commencing any design work.

There may be inspection covers on site which were not visible at the time of survey. It is possible that they are buried or covered by dense vegetation. Please consult your local drainage authority if you have any doubts.

All below ground details have been identified from above ground and therefore all details relating to these features including: sizes, depth, description etc will be approximate only. All critical dimensions and connections should be checked and verified prior to starting work.

Features may not have been surveyed if obstructed or not reasonably visible at the time of the survey.

General Notes

Please check and verify all site and building dimensions, levels, utilities and drainage details and connections prior to commencing work. Any errors or discrepancies must be notified to Parish Land Surveys.

The accuracy of the digital data is the same as the plotting scale implies.

Parish Land Surveys holds the copyright to all the information contained within this document and their written consent must be obtained before copying or using the data other than for the purpose it was originally supplied.

Do not scale from this drawing.
