The enquiry seeks to establish the Green Belt parameters in relation to:-

- a) the proposed replacement of the existing dwelling
- b) the extension of the existing dwelling

The enquiry was addressed by multiple planning officers. Please see below an abstract from the formal report by Bev Pearson:

"Floor area calculations have been deposited with the enquiry. I note that the garage and outbuilding to the side and front of principal dwelling have been included in these figures. From the details before me and from historic maps I am of the view that it is only the garage to the side of the property that appears to have been built at the same time as the original dwelling and as such can only be included within the original floor area and volume calculations. From the

details available to me I have calculated the original floor area to be circa 250 sq. m. Therefore any replacement dwelling could have a floor area no more than 50% larger than this figure. Notwithstanding this openness of the Green Belt not only has a spatial aspect but also has a visual one. It is difficult to fully assess this without the benefit of existing and proposed scale drawings. Being mindful of this I would therefore advise that should a formal planning application be

forthcoming for a replacement dwelling very careful consideration should be given to its scale, bulk and form to ensure that sits within the 50% threshold and does not result in any significantly greater impact on the Green Belt setting of the site than currently exists."

Additional assessments of the proposals were conducted within the same pre-application by Callum Smith on January 4, 2024. It was suggested that the original footprint areas needed revision as it was determined that the garage had later additions that would need to be omitted. The proposal has been altered accordingly following this assessment, and revised area calculations have been carried out to ensure compliance within the specified 50% margins. Callum noted in his assessment of the proposals:

"in the event of a planning application being submitted we would need to see the floor area of the proposed reduced. I would also suggest lowering the height of the pillars that front onto Nottingham Road. Otherwise, I am happy with the proposal. The flat-roofed design would be read in the context of the surrounding area, comprising plot development with residential properties of bespoke appearance."

We have worked practically with the council making multiple alterations to ensure a successful application process.

## **Authority Employee/Member**

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

⊗ No

# Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?  Yes  No
Is any of the land to which the application relates part of an Agricultural Holding?  ○ Yes  ○ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
