---

Please find attached information to validate applications SDNP/24/01040/HOUS and SDNP/24/01041/LIS.

I can confirm my agreement to the following revised description:

'Demolition of existing two-storey extension replaced with new two-storey extension on northern elevation, replacement porch on west elevation and replacement roof over bow window on south elevation

The two 'roof lights' you are referring to are drawn to represent loft access hatches and we wouldn't therefore show these on the roof plan or in elevation. To clarify, we have annotated these as such on the attached first floor plan which can be sent to replace the current first floor plan.
