---

Dear Sirs

In connection with your previous email and following discussions with our client I can confirm that the touring pitches will have a concrete base measuring 7.2m x 7.2m and the statics will have no base.

I hope this answers your query.

Yours faithfully

Many thanks Simon for the updated Plans I will add them to the application – can you confirm whether all 19 pitches are going to be concrete based – we need to know what the measurements are for each pitch (if they are all the same you can give me the measurement for one).

Regards

Dear Sirs

In connection with the above project and following our conversation of yesterday, please find attached a copy of our amended drawing no's. dd23/1098/L1000 Rev. B and dd23/1098/L1001 Rev. B for your information.

As can be seen from the attached, we have highlighted the existing pitches, the new touring and the new static caravan positions as requested together with a key.

We therefore would be grateful if we could know move this forward please.

If you have any further queries then please do not hesitate to contact me.

Yours faithfully

Dear Simon

Thank you for talking to me earlier today. I have spoken with a Team Leader and he confirms that as long as the original 12 are within the original red line their exact position is not an issue.

Can I clarify whether the additional 11 Touring Pitches and 8 Static Plots are going to have concrete bases – if this is the case – can you ensure that you draw these concrete bases to scale on all 19 plots.

Regards
