## Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

- Yes  
 No

## Trees and Hedges

Are there trees or hedges on the proposed development site?

- Yes  
 No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- Yes  
 No

**If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.**

## Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- Yes  
 No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

 No

Will the proposal increase the flood risk elsewhere?

- Yes  
 No

How will surface water be disposed of?

- Sustainable drainage system  
 Existing water course  
 Soakaway  
 Main sewer  
 Pond/lake

## Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

c) Features of geological conservation importance

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

- Yes  
 No

Please add all the exemptions or transitional arrangements that apply and provide a reason why

**Exemption:**

Development subject to the de minimis exemption (development below the threshold)

**Reason for selecting exemption:**

This is a very small development on an area of existing lawn which is regularly mown. The Community Garden which will be served by this development is expected to lead to a biodiversity gain.

Note: Please read the help text for further information on the exemptions available and when they apply

## Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer  
 Septic tank  
 Package treatment plant  
 Cess pit  
 Other

Other

Users of this development will have access to the facilities in the existing Jubilee Centre.

Are you proposing to connect to the existing drainage system?

- Yes  
 No  
 Unknown

## Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- Yes  
 No

Have arrangements been made for the separate storage and collection of recyclable waste?

- Yes  
 No

If Yes, please provide details:

The existing refuse bins and current collection arrangements will continue.

## Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

Yes

No

## Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

Yes

Details of the pre-application advice received

I see from the correspondence and attached photos that 2 shipping containers have previously been sited in the NE corner of the land that have since been moved.

The Trustees of the Sandwich Community Hub are looking to develop a Community Shed project. This would involve the stationing of 2no. 20 feet long containers on the grassed area to the front of the premises. Reference has been made to their configuration being in either an L-shape or a V shape in order to provide an open space between them which would be covered by a pergola to allow for an additional open but covered space for workshop activities, a sheltered outdoor café etc.

You have described the location of the new containers being in the same spot as before at the front of the property subject to either of the above configurations. You would also be looking to clad (or paint) the containers to improve their appearance. You also say that this would be a temporary structure.

Whilst the structure is temporary in the sense that they can readily be removed from the site, given that they would have a degree of permanence then they would represent development and planning permission would therefore be required.

The site is not particularly visible from the wider area. The site is flanked by tree screening to the railway to the NE and houses in Jubilee Road to the south. I do agree, however, that some form of cladding or painting would help with their appearance when they can be viewed from certain vantage points. I do not have any details of the pergola that would be joining the two but I can imagine that this would be a very light structure and subject to the finer detail, I do not raise an objection to the principle.

There is a mention of developing a Community Shed project which I am taking to be ancillary to the use of the main building as a community centre. Dependent upon the nature of this use then it is unlikely that this would require the benefit of planning permission, but I thought this was worth mentioning in the event that the use transpires into something different.

You will appreciate that these comments are only given as an officer level opinion on the basis of the information available at this time and may not represent the formal view of the Council.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

## Ownership Certificates and Agricultural Land Declaration

### Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

- Yes
- No

Can you give appropriate notice to all the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- Yes
- No

### Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner\* and/or agricultural tenant\*\* of any part of the land or building to which this application relates; or
- The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners\* and/or agricultural tenants\*\*.

\* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
