Please describe details of the proposed development or works including any change of use  The proposed development creates 2no of 3 bed semi-detached dwellings within the overall site boundary of 3 South Avenue. The proposal is accessed via St Peters Drive.  The design has been created to meet the area requirements of the local council and blend in to the surrounding context. Where possible, similar materials such as red brickwork has been used to help situate the development within the area without causing any visual impact. This has been further enhanced by creating a design layout which enables the retention of a large existing tree and current position of a lampost.
