Hi Valera,

Please find the completed form attached

A couple of notes, the demarcation line, close to on the map is a straight vertical line between the surface water likely flood zones with no discernible change in levels.

Also, the OS map shows 1 Kenwood Road as being opposite 2 Kenwood road as it is,

Re-Jo must be further around the road near number 11, perhaps the database is missing a zero?

Thanks

Best regards

--
