Dear Gail and David

Please find attached a copy of the Post Submission Additional Documents which have been submitted via the online portal with this set of return notes.

Manse

- Notes and hatching updated to reflect abutting paving (new paving will touch existing buildings in both applications)
- Notes updated to reflect bio mass wood burning stove
- Notes updated to reflect bespoke nature of timber pivot door
- Window and wall survey split into two documents
- Existing Gate information separated into separate drawing
- Access statement for main house added

Ruin

- Air source heat pump hatching added on plan
- Existing photos of ruin separated into separate drawing
- Notes and hatching updated to open pergola roof on ruin (please note this is not a roof light)
- Notes and hatching updated to reflect abutting paving (new paving will touch existing buildings in both applications)

Kind Regards,

Jonathan Gray
