is the site currently vacant:
○ Yes ⊙ No
Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.
Land which is known to be contaminated
○ Yes ⊙ No
Land where contamination is suspected for all or part of the site
○ Yes⊙ No
A proposed use that would be particularly vulnerable to the presence of contamination
○ Yes② No
Materials
Does the proposed development require any materials to be used externally?
✓ Yes○ No
Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)
Type: Walls
Existing materials and finishes: n/a
Proposed materials and finishes: Concrete panels, Yorkshire boarding
Type: Roof
Existing materials and finishes:
n/a Proposed materials and finishes:
Fibre cement sheeting (natural grey)
Are you supplying additional information on submitted plans, drawings or a design and access statement? O Yes
⊙ No
Pedestrian and Vehicle Access, Roads and Rights of Way
Is a new or altered vehicular access proposed to or from the public highway?
○ Yes② No

Is a new or altered pedestrian access proposed to or from the public highway?
○ Yes⊙ No
Are there any new public roads to be provided within the site?
○ Yes② No
Are there any new public rights of way to be provided within or adjacent to the site?
○ Yes② No
Do the proposals require any diversions/extinguishments and/or creation of rights of way?
○ Yes② No
Vehicle Parking
Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?
○ Yes※ No
Trees and Hedges
Are there trees or hedges on the proposed development site?
○ Yes② No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?
O Yes
⊗ No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's <u>Flood map for planning</u> . You should also refer to national <u>standing advice</u> and your local planning authority requirements for information as necessary.)
○ Yes ② No
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?
○ Yes② No
Will the proposal increase the flood risk elsewhere?
○ Yes⊘ No
How will surface water be disposed of?

Biodiversity and Geological Conservation Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site? To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important blodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals. a) Protected and priority species Yes, on the development site Yes, on land adjacent to or near the proposed development No b) Designated sites, important habitats or other biodiversity features Yes, on land adjacent to or near the proposed development No p) Features of geological conservation importance Yes, on land adjacent to or near the proposed development No supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority will be able to advise on the content of any assessments that may be required. Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information repoints there will be a biodiversity increase, or explain why they are exempt from doing so. Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No
Ownership Certificates and Agricultural Land Declaration
Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? Yes No
Is any of the land to which the application relates part of an Agricultural Holding? ○ Yes ⊙ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
