To Whom it May Concern,

West View, Five Ways Road

I have lived in the parishes of Shrewley and Rowington for over thirty years. I have previously been Secretary of the Parochial Church Council for the Rowington Parish and have been a representative for our parish in the Parish Magazine for over twenty years.

I have known the Islef family since they moved into West View in 2006. We lived at Moat Farm, Case Lane at that time and saw them regularly. Since we moved to Rowington in 2014 we have continued to meet up.

During the 18 years we have known them, the small piece of land to the side of their property (adjacent to The Oaks) has always been used as a garden planted with trees, scrubs and an ornamental fish pond ( which I believe was there when they bought the house). Their children played in the garden and had their toys and playhouse in this area. It has been maintained in this way since we met them in 2006.

Yours faithfully,

Nicola Cockayne
