

DETERMINATION OF APPLICATION

TOWN AND COUNTRY PLANNING ACT 1990

Town & Country Planning (Development Management Procedure) (England) Order 2015

CPC Planning Consultants
Miss Tivoli Chang
Unit 3 Broadbridge Business Centre
Delling Lane
Bosham
PO18 8NF

In pursuance of its powers under the above Act and Regulations, Southampton City Council, as the Local Planning Authority, hereby gives notice that the application described below has been determined. The decision is:

FULL APPLICATION - CONDITIONAL APPROVAL

Proposal: Conversion of existing dwelling into 2x 1-bed flats and erection of a detached 3-bed dwelling to rear

Site Address: 9 Cranbury Place, Southampton, SO14 0LG

Application No: 22/01704/FUL

Subject to the following conditions:

01.Full Permission Timing (Performance)

The development hereby permitted shall begin no later than three years from the date on which this planning permission was granted.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

02.Approved Plans (Performance)

The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule attached below.

Reason: For the avoidance of doubt and in the interests of proper planning

03.Materials

No works shall commence on erecting the new dwelling at the rear of 9 Cranbury Place hereby approved until a full material/joinery schedule has been submitted to and approved in writing by the Local Planning Authority. The submitted schedule must specify in detail the materials to be used, methods of workmanship, and all types of finishes, prior to the relevant parts of the works commencing. The works shall thereafter be carried out in accordance with the approved details.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality, perserving the conservation area.

04.Archaeological watching brief investigation [Pre-Commencement Condition]

No ground disturbance shall take place within the site until the implementation of a programme of archaeological work has been secured in accordance with a written scheme of investigation which has been submitted to and approved by the Local planning Authority.

Reason: To ensure that the archaeological investigation is initiated at an appropriate point in development procedure.

05.Archaeological watching brief work programme [Performance Condition]

The developer will secure the completion of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted to and approved by the Local planning Authority.

Reason: To ensure that the archaeological investigation is completed.

06.Land Contamination investigation and remediation (Pre-Commencement & Occupation)

Prior to the commencement of development approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), a scheme to deal with the risks associated with contamination of the site shall be submitted to and approved by the Local Planning Authority. That scheme shall include all of the following phases, unless identified as unnecessary by the preceding phase and approved in writing by the Local Planning Authority:

1. A desk top study including;
 - historical and current sources of land contamination
 - results of a walk-over survey identifying any evidence of land contamination
 - identification of the potential contaminants associated with the above
 - an initial conceptual site model of the site indicating sources, pathways and receptors
 - a qualitative assessment of the likely risks
 - any requirements for exploratory investigations
2. A report of the findings of an exploratory site investigation, characterising the site and allowing for potential risks (as identified in phase 1) to be assessed.
3. A scheme of remediation detailing the remedial actions to be taken and how they will be implemented.

On completion of the works set out in (3) a verification report shall be submitted to the Local Planning Authority confirming the remediation actions that have been undertaken in accordance with the approved scene of remediation and setting out any measures for maintenance, further monitoring, reporting and arrangements for contingency action. The verification report shall be approved by the Local Planning Authority prior to the occupation or operational use of any stage of the development. Any changes to these agreed elements require the express consent of the local planning authority

Reason: To ensure land contamination risks associated with the site are appropriately investigated and assessed with respect to human health and the wider environment and where required remediation of the site is to an appropriate standard.

07.Use of Uncontaminated Soils and Fill (Performance)

Clean, uncontaminated soil, subsoil, rock, aggregate, brick rubble, crushed concrete and ceramic shall only be permitted for infilling and landscaping on the site. Any such materials imported on to the site must be accompanied by documentation to validate their quality and be submitted to the Local Planning Authority for approval prior to the development hereby approved first coming into use or occupation.

Reason: To ensure imported materials are suitable and do not introduce any land contamination risks onto the development

08.Unsuspected Contamination (Performance)

The site shall be monitored for evidence of unsuspected contamination throughout construction. If potential contamination is encountered that has not previously been identified, no further development shall be carried out unless otherwise agreed in writing by the Local Planning Authority. Works shall not recommence until an assessment of the risks presented by the contamination has been undertaken and the details of the findings and any remedial actions has been submitted to and approved by the Local Planning Authority. The development shall proceed in accordance with the agreed details unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure any land contamination not previously identified is assessed and remediated so as not to present any significant risks to human health or, the wider environment.

09.Cycle storage facilities (Pre-Occupation)

Before the development hereby approved first comes into occupation/use, secure and covered storage for bicycles shall be provided in accordance with details to be first submitted to and approved in writing by the Local Planning Authority. The storage shall be thereafter retained as approved for the lifetime of the development.

Reason: To encourage cycling as an alternative form of transport.

10.Refuse & Recycling (Pre-Occupation)

Prior to the occupation of development, details of storage for refuse and recycling, together with the access to it, shall be submitted to and approved in writing by the Local Planning Authority. The storage shall be provided in accordance with the agreed details before the development is first occupied and thereafter retained as approved. Unless otherwise agreed by the Local Planning Authority, except for collection days only, no refuse shall be stored to the front of the development hereby approved.

Reason: In the interests of visual amenity, the amenities of future occupiers of the development and the occupiers of nearby properties and in the interests of highway safety.

Note: In accordance with para 9.2.3 of the Residential Design Guide (September 2006): if this development involves new dwellings, the applicant is liable for the supply of refuse bins, and should contact SCC refuse team at Waste.management@southampton.gov.uk at least 8 weeks prior to occupation of the development to discuss requirements.

11.Hours of work for Demolition / Clearance / Construction (Performance)

All works relating to the demolition, clearance and construction of the development hereby granted shall only take place between the hours of:

Monday to Friday 08:00 to 18:00 hours

Saturdays 09:00 to 13:00 hours

And at no time on Sundays and recognised public holidays.

Any works outside the permitted hours shall be confined to the internal preparations of the buildings without audible noise from outside the building, unless otherwise agreed in writing by the Local Planning Authority.

Reason: To protect the amenities of the occupiers of existing nearby residential properties.

12. Construction Management Plan (Pre-Commencement)

Before any development works are commenced, a Construction Management Plan shall be submitted to and approved in writing by the Local Planning Authority which shall include details of:

- (a) parking of vehicles of site personnel, operatives and visitors;
- (b) loading and unloading of plant and materials;
- (c) details of cranes and other tall construction equipment (including the details of obstacle lighting)
- (d) details of temporary lighting
- (e) storage of plant and materials, including cement mixing and washings, used in constructing the development;
- (f) treatment of all relevant pedestrian routes and highways within and around the site throughout the course of construction and their reinstatement where necessary;
- (g) measures to be used for the suppression of dust and dirt throughout the course of construction;
- (h) details of construction vehicles wheel cleaning; and,
- (i) details of how noise emanating from the site during construction will be mitigated.

The approved Construction Management Plan shall be adhered to throughout the development process unless agreed otherwise in writing by the local planning authority.

Reason: In the interest of health and safety, protecting the amenity of local land uses, neighbouring residents, and the character of the area and highway safety.

13. Residential Permitted Development Restriction (Performance)

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended or any Order amending, revoking or re-enacting that Order, no building or structures within Schedule 2, Part 1, Classes as listed below shall be erected or carried out to any dwelling house hereby permitted without the prior written consent of the Local Planning Authority:

- Class A (enlargement of a dwelling house), including a garage or extensions,
- Class B (roof alteration),
- Class C (other alteration to the roof),
- Class F (hard surface area)

Reason: In the interests of visual amenity of the local area.

14. Energy Efficiency - Conversion (Pre-Commencement Condition)

Confirmation of the energy strategy, that will achieve a reduction in CO2 emissions of at least 15% or a minimum Energy Efficiency Rating of 70 post refurbishment (an EPC rating C), must be submitted and approved in writing by the Local Planning Authority prior to the commencement of the development hereby granted consent. Measures that meet the agreed specifications must be installed and rendered fully operational prior to the first occupation of the development hereby granted consent and retained thereafter.

Reason: To ensure the development has minimised its overall demand for resources and to demonstrate compliance with policy CS20 of the Local Development Framework Core Strategy Development Plan Document Adopted Version (January 2010).

15. Water Efficiency

With the exception of site clearance, demolition and preparation works, no development works shall be carried out until written documentary evidence demonstrating that the development will achieve a maximum of 100 Litres/Person/Day internal water use the form of a water efficiency calculator shall be submitted to the Local Planning Authority for its approval, unless an otherwise agreed timeframe is agreed in writing by the LPA. The appliances/ fittings to be installed as specified.

Reason: To ensure the development minimises its overall demand for resources and to demonstrate compliance with policy CS20 of the Local Development Framework Core Strategy Development Plan Document Adopted Version (Amended 2015)

16.Repairs to Fabric of 9 Cranbury Place

All works of repair to the fabric, surfaces, and boundary treatment fronting 9 Cranbury Place hereby approved shall employ materials, traditional workmanship, and detailing to match the existing in all respects, unless otherwise agreed in writing by the Local Planning Authority before the commencement of works on-site.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality, perserving the conservation area.

17.Street Lantern Protection

No works shall commence on erecting the new dwelling at the rear of 9 Cranbury Place hereby approved until a methodology for protecting the Edwardian style street lantern located on the pavement adjoining the plot has been submitted to and approved in writing by the Local Planning Authority.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by preserving features of particular amenity to the area.

18.Nitrates Emissions Offset (Pre-occupation)

The development hereby permitted shall not be occupied unless a Nitrate Mitigation Vesting Certificate confirming the purchase of sufficient nitrates credits from Eastleigh Borough Council (tbc with applicant) Nutrient Offset Scheme for the development has been submitted to the council.

Reason: To demonstrate that suitable mitigation has been secured in relation to the effect that nitrates from the development has on the Protected Sites around The Solent.

Note to Applicant

1. Note to applicant: You are reminded of your duties under the Party Wall Act 1996. This requires a building owner to notify and obtain formal agreement from adjoining occupier(s) where the building owner intends to carry out work which involves: 1. Work involving an existing shared wall with another property; 2. Building on the boundary with a neighbouring property; 3. Excavating near a neighbouring building, and that work falls within the scope of the Act. Procedures under this Act are separate from the need for planning permission and building regulations approval. 'The Party Wall etc. Act 1996: explanatory booklet' is available at www.communities.gov.uk.

2. Note to Applicant: This planning permission does not convey the right for the development to encroach over, under or on land which is not within your ownership, without the consent of the landowner.

3. The development is CIL liable as there is a net gain of residential units. With an index of inflation applied the residential CIL rate is £110.94 per sq. m (from 01/0/2023), to be measured on the Gross Internal Area floorspace of the building.

Should the application be approved a Liability Notice will be issued detailing the CIL amount and the process from that point.

If the floor area of any existing building on site is to be used as deductible floorspace the applicant will need to demonstrate that lawful use of the building has occurred for a continuous period of at least 6 months within the period of 3 years ending on the day that planning permission first permits the chargeable development.

Reason for granting planning permission

The development is acceptable considering the policies and proposals of the Development Plan as set out within the Officers Report. Other material considerations have been considered and are not judged to have sufficient weight to justify a refusal of the application, and where applicable conditions have been to satisfy these matters.

The scheme is therefore judged to be in accordance with Section 38(6) of the Planning and Compulsory Purchase Act 2004 and thus planning permission should therefore be granted. In reaching this decision the Local Planning Authority offered a pre-application planning service and has sought to work with the applicant in a positive and proactive manner as required by the National Planning Policy Framework (2021).

Additional Note: Should you require new addresses to be created for your development you are advised to use the following link at the appropriate time:

<http://www.southampton.gov.uk/planning/planning-permission/getting-street-names-numbers.aspx>

Plans and information considered

This decision has been made in accordance with the submitted application details and supporting documents and the development should be implemented in respect of the following plans and drawings:

| Drawing No: | Version: | Description: | Date Received: | Status: |
|--------------------|-----------------|-----------------------------|-----------------------|----------------|
| 05192 | | Design and Access Statement | | Approved |
| 22.3391.106 | P1 | Location Plan | | Approved |
| 22.3391.101 | P2 | Site Plan | | Approved |
| 22.3391.102 | P2 | Proposed Plans | | Approved |
| 22.3391.103 | P2 | Proposed Plans | | Approved |
| 22.3391.104 | P3 | Floor Plan | | Approved |
| 22.3391.105 | P2 | Elevational Plan | | Approved |
| | | Heritage Statement | | Approved |

NOTES

1. This permission relates to Planning Control only. Approval under the Building Regulations may also be required and should you be in any doubt about this, please contact Building Control Services, Tel. 023 8083 2558. Any other necessary consent must be obtained from the appropriate authority. Special attention is drawn to the fact that this permission does not relate to the display of advertisements and separate consent is required under the Town and Country Planning (Control of Advertisements) England Regulations 2007. Development affecting buildings of special Architectural or Historical interest is also subject of separate Listed Building Consent. Any queries should be made to Development Control Service as indicated below.
2. This permission has been granted on the basis of all the information submitted by the applicant shown on the plans accompanying the application. Any material misstatement or wrong information may invalidate the permission.
3. If the applicant is aggrieved by the decision of the Local Planning Authority to approve the proposed development, subject to conditions, they may appeal to the Secretary of State in accordance with Section 78 of the Town and Country Planning Act 1990, within six months of the date of decision. Appeals must be made using a form which you can get from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or do it online at <https://acp.planninginspectorate.gov.uk/>
4. The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
5. If permission to develop land is granted subject to conditions, whether by the Local Authority or by the Secretary of State, and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development which has been or would be permitted, they may serve on the Council a purchase notice requiring the Council to purchase their interest in the land in accordance with the provisions of Part IV of the Town and Country Planning Act 1990.
6. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
7. Attention is drawn to the provisions of Section 12 of the Hampshire Act 1983 relating to access for the Fire Brigade, and you are advised to contact Building Control Services as set out in Note 1.
8. For those developments which are covered by the Disability Discrimination Act, the attention of developers is drawn to the relevant provisions of the Act and to the British Standard B300:2001 Design of buildings and their approaches to meet the needs of disabled people code of practice.
9. Your attention is drawn to the conditions this consent is subject to:

Pre-commencement conditions require the full terms of the condition to be approved by the Local Planning Authority before any development starts. In order to discharge these conditions a formal application is required by the applicant and a time period of at least 8 weeks should be allowed for a decision to be made. If the conditions are not met, the Local Planning Authority has the power to take enforcement action.
10. If the application site is within an existing Resident Parking Zone. Under the Council's Residents Parking Policy, new residential units (which include new developments, subdivisions of existing properties and changes of use of existing properties) given planning

consent after March 2001, do not qualify for a Residents Parking Permit within an existing Resident Parking Zone. Please see more details under the Council's Residents Parking Policy.

11. The applicant is recommended to retain this form with the title deeds of the property.

Please address any correspondence in connection with this form quoting the application number to: **Development Management, Southampton City Council, Civic Centre, Southampton, SO14 7LY.**
