- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements</u> or access the fire statement template and guidance.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

Description

Please describe details of the proposed development or works including any change of use

We are a successful dog grooming business that has been operating a salon from premises at 28 Cove Road in Farnborough, since 2018. We have been presented with the opportunity to relocate our salon to the aforementioned site, which would provide our staff with a better working environment and our community of customers with a safer and more pleasant experience when visiting us.

The application site is part of a converted former farm building that comprises 8 established business units. The building was granted planning permission for class B1 office use in 1992, which, following the amendments to the Town and Country Planning (Use Classes) Regulations in 2020, we understand to now fall under class E.

We were initially under the impression that, under the amended regulations, a change of use would no longer be required, as we felt that the business' use clearly satisfied the requirements as defined in Class E(c)(iii).

However, subsequent email conversations with our LPA advised that this was a grey area, and that dog grooming likely still falls under the Sui Generis class – with planning permission required in order to achieve our desired outcome.

The application is for flexible use of the building as both Class E and Sui Generis, so that the premises can continue to operate under its existing Class E use at a later date in the event of a change of tenant.

The application does not propose any changes to the building and simply seeks to secure planning permission for the additional use only. Our services will continue to be by appointment-only, and the application site provides ample parking for the needs of both our staff and customers.

Details of the pre-application advice received
A dog grooming business is a sui generis use, in planning terms this mean that it does not fall within any of the other use classes, including B1A and E.
As this is the case it appears that planning permission would be required to use the premises for this purpose.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff
(b) an elected member (c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
