

15 Wandhill Haxby YO32 2FW

It is proposed to build a two storey extension to the side and rear of the existing detached private residence located on a corner location having no immediate neighbors overlooking the new build.

I have sent a letter outlining Mrs Jackie Bricknalls medical condition and the need for the build as been for medical reasons rather than extending floor space, the former been the most important.

I have not read this letter as it is confidential.

There is no alteration to parking , hedges and trees, green or waste bin location or access around the property.
