Description

Our GRP Storage Kiosk/Enclosure with Double Opening Doors provides weatherproof storage for equipment on the roadside or site use. Our GRP cabinet enclosures are suitable for the protection of various items of industrial equipment. They are commonly used by Gas, Water and Electricity providers and local authorities along with the mechanical services industry and many others. IP55 Rated and made with Class 2 Fire Resistant Resin (30 Minute Resistance)

Dimensions	L x W x H (mm)
Internal	1010 x 380 x 800
External	1025 x 435 x 840
Door Configuration	Double (Overall) W870 x H640

Our GRP housings are manufactured from the highest quality GRP materials to withstand the rigours of the harshest weather conditions and are IP55 rated.

External colour is British Racing Green (BS227) as standard, or Grey (BSA10A05) or Black (BS00E53). All enclosures have a tough weather resistant polyester gel coat outer and sloped roof for rainwater run off, reinforced with a GRP laminate.

Optional insulation can be added to the walls in the manufacturing process to provide 25mm encapsulated insulation (polyurethane foam).

Internal finish is a durable polyester gel coat finish in white with a 12mm ply back wall to fit equipment (around 30mm smaller than back wall). The GRP flooring can be cut out as required and can also be used to bolt the enclosure to the ground.

Supplied complete with:

Stainless Steel Hinges & Fixings

Lock: Yale Type Night Latch Lock & 3 Keys or Stainless Steel Hasp & Staple (padlock not supplied)

12mm Treated Ply Backboard

Dust/Water Prevention Seals

IP55 Rated

Smooth Semi Gloss Finish - British Racing Green (BS227) as standard, or Grey (BSA10A05) or Black (BS00E53)

Made With Class 2 Fire Resistant Resin (30 Minute Resistance)

Optional Extras:

Internal Baseboard - 12mm Ply

25mm Insulation to Side Walls

Louvered Vents

Door Stay
