Good morning,

In relation to the below letter I've provided further information as below;

1. The reason for carrying out the applied for work is to allow more sunlight into garden and conservatory area as well as to allow for shrubbery at rear of garden to grow. The Oak trees currently protrude over 2 meters into garden.
2. The work, as mentioned is to cut back lateral limbs to the fence line. Where appropriate we will prune back to an available branch union, where there isn't an appropriate pruning point we intend to collar branch prune back to stem to allow the tree to callus over. We will access the tree using rope and harness.

I hope this provides you with suitable detail.

Thanks in advance,
Edward
