Drawing Title: Demolition Tree Protection Plan	1-500@A1
Drawing Number: 170602-PCS-DTPP-AM	June 2017

**Key:**

- Category A (Green)
- Category B (Blue)
- Category C (Grey)
- Category U (Red)
- Tree Protection Fencing (Pink line)
- The root protection area where ground disturbance must be carefully controlled. No significant disturbance should occur within the RPA and a high level of care is needed if working within it.
- Proposed demolition area within root protection areas. Work in this area must be carried out under arboricultural supervision and using a 'pull back' method to bring materials away from the trees. Ground protection measures may be required in these areas.
- ▨ Construction Exclusion Zone (Hatched area)
- Tree would have to be removed to facilitate development (Blue circle with diagonal lines)
- Tree proposed for removal (Red circle with diagonal lines)

**Tree Protection Area Legend:**

- Crown Spread
- Tree Number
- Tree Height
- Root Protection Area

**NOTES:** All tree locations are approximate. Do not scale from plan – all dimensions to be checked on site prior to construction.
