Description of Proposal
Does the proposal consist of, or include, the carrying out of building or other operations?
✓ Yes◯ No
If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)
The plan is to provide a new crossover by means of a "dropped kerb" to enable in/out access for simpler parking on the drive at the front of 11a Christ Church Mount. The front garden is already arranged as in/out for car parking and has two entrances but only one pavement crossover point has a dropped kerb.
Does the proposal consist of, or include, a change of use of the land or building(s)?
○ Yes② No
Has the proposal been started?
○ Yes ⊙ No
Grounds for Application
Information about the existing use(s)
Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful
The proposed application relates to an existing pavement.
Please list the supporting documentary evidence (such as a planning permission) which accompanies this application
No supporting documents.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?
Many of the properties in Christ Church Mount have in/out driveways with two dropped kerbs, therefore there is no reason consider that provision of another dropped kerb would be unlawful.
Stamford Green School is situated at the entrance to Christ Church Mount. Parent parking, to drop off and collect school children, in this road in the mornings and the late afternoons causes congestion and sometimes restricts access for parents and property owners. Provision of a second dropped kerb at 11a Christ Church Mount will help to alleviate some parking issues as well as giving improved access generally.

Can the site be seen from a public road, public footpath, bridleway or other public land?

It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No

Surrey County Council state in their application process that;
"Where planning permission is not required, you must provide written evidence of this as part of your application. Where planning
permission is required, you
must provide written evidence of the approved planning application."
Therefore I am seeking a "Lawful Development Certificate" to satisfy the above.
