Dear Sirs

Re Eddystone House

This letter is to explain that due to change in Planning Policy:-

The Statutory Instrument 2021-428 which introduced Class MA

The amendment introduced by SI 2021-814 involves minor word changing and only really affects paragraph MA 2 (2) (h). Providing your building was / is not a registered nursery or health centre, the amendment is irrelevant.

The amendment coming into force on 5 March (SI 2024-141).

The property is occupied but due to the above changes this application should be considered.

Regards

Stephen Way
