Subject: Tree Inspections
To: [REDACTED]

Good afternoon Mr Roberts.

Following my visit to 5 millers close, Rushden, NN10 9RP on 18/1/2024 I would recommend that there is no work to be carried out to the Oak and Lime trees. However in my opinion the Horsechestnut could benefit from a 1.5 to 2.5m crown reduction to reduce the risk of latteral limb failures. The trees are in otherwise good condition.
