

Heritage Statement

The **Heritage Statement** is for the applicant or agent to identify the heritage asset(s) that have the potential to be affected by the proposals and their setting. Please read the **guidance notes** provided at the back of this report to help you fill in the form correctly. <https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements>

Appendix 1 relates to the **Historic Environment Record (HER) Consultation Report**. You must state whether or not supporting data from the HER is required.

There are 3 options:

- HER report attached (this must be completed by the Historic Environment Record Team)
- HER report not considered necessary – email attached from HER
- HER report not required by the Local Planning Authority as detailed on the relevant website validation requirements

Please tick the relevant box at the **back of this form** as to which option applies.

Both the **Heritage Statement** and the **Historic Environment Record Consultation report (Appendix 1)** must be completed in order to meet validation requirements of the Local Planning Authority – tick the boxes on the right-hand side below to confirm the sections completed.

Note: All fields are **mandatory**. Failure to fully complete all fields may result in the form not being validated by the **Local Planning Authority (LPA)**.

To be completed by the applicant – please tick relevant boxes	
1. Heritage Statement completed	X
2. Appendix 1 completed	X

Heritage Statement

Site name

Brunswick Lodge

**Address of site
(including postcode)**

37-38 Brunswick Road, Hove, BN3 1DH

Grid Reference

529986, 104635

1. Schedule of Works

Please state the type of proposal e.g. extension to a listed building, internal alterations

Removal and reinstatement of failed lime render to rear elevation of Grade II Listed Property within a Conservation Area (HE6HE8HE9_ACP).

Please list the works proposed e.g. replacement windows, removal of internal wall, reinstatement of original staircase, damp proofing works to basement etc.

Removal of failed lime rendering to the rear elevations and reinstatement with 3 coat pre-mixed natural hydraulic lime render system with Lime Green Duro base coats x 2 and Lime Green Lux top coat (as specified by The Lime Centre).

2. Pre Application Advice

Have you consulted the East Sussex Historic Environment Record, as the minimum requirement of the NPPF?

Yes No

If no, please provide the reasons why not below, including any correspondence with the HER/LPA archaeological advisor or LPA validation team:

See attached Email from ESHER advising that a report is not considered necessary.

If Yes, please attach any correspondence to this Heritage Statement in Appendix 1 (including the HER Consultation Report)

Have you sought pre-application heritage advice from the relevant local planning authority?

Yes No

If Yes, please provide a copy of any written correspondence with reference number/contact name if applicable.

Have you sought pre-application heritage advice from Historic England?

Yes No

If Yes, please provide a copy of any written correspondence with reference number/contact name if applicable.

3. What heritage asset(s), including their setting, are potentially affected by the proposals? (Please tick the relevant boxes below) (See guidance section: <https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements-what-heritage-assets-are-affected-proposals>)

1: Scheduled Monument (SM)	<input type="checkbox"/>
2. Listed Building (LB)	<input checked="" type="checkbox"/>
3. Conservation Area (CA)	<input checked="" type="checkbox"/>
4. Registered Park and Garden (RPG)	<input type="checkbox"/>
5. Historic Battlefield (HB)	<input type="checkbox"/>
6. Locally Listed Heritage Asset (LLHA)	<input type="checkbox"/>
7. Archaeological Notification Area (ANA)	<input type="checkbox"/>
8 Other Non-Designated Heritage Asset (including below ground archaeology)	<input type="checkbox"/>

4. What is known about the affected heritage asset(s)? (See guidance section: <https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements-what-known-about-affected-heritage-assets>)

4 (a). Using the information obtained through research and on-site analysis provide a summary of the history of the site/building.

Please add a summary history of the site/building including specifically the parts that will be impacted by the proposals – e.g. how the site/building was originally laid out, how it has evolved, phases of construction and/or change. Please also provide information on past impacts – e.g. modern extension, drainage, former footings, recent landscaping, gardening. **Please include / attach any research material as an addendum to this Statement after Appendix 1.**

The Historic England Listing describes the Property as below:

Terrace with similar range opposite. c1850-60. Stucco over rubble and brick, roofs concealed behind parapets. Terrace on hillside. 3 storeys over basement, 2-window bow front, sash windows with glazing bars, some missing, parapet with dentil cornice, moulded surrounds to first floor windows, continuous cast-iron balustrade to first floor, rusticated ground floor, minimal pilaster porches, doors approached by flight of six steps with railings returned to piers fronting road. Mixture of railings and balusters in dwarf walls fronting road. Nos 41-43 are more ornate, while the houses at the northern end of terrace have minimal detailing and the bows start from the first floor; C20 roughcast to Nos 39-40, No.43 and Nos 36-31 inclusive.

Flats at the rear of the Property are experiencing damp penetration which we have diagnosed to result from failed render and leaking rainwater goods. Water that has penetrated to the wall is not evaporating past the existing render or multiple layers of paint.

By reinstating a breathable lime render system, water will evaporate naturally to the outside environment.

4 (b) What research have you undertaken to understand the significance of the heritage asset(s) affected?

Please tick the relevant boxes

HER	<input type="checkbox"/>
The Keep (East Sussex Record Office)	<input type="checkbox"/>
Map regression (historic maps)	<input type="checkbox"/>
Local Planning Authority sources	<input type="checkbox"/>
Historic England sources	<input checked="" type="checkbox"/>
Museum or Library (please provide details)	<input type="checkbox"/>
Other (please state)	<input type="checkbox"/>

(Please include / attach any research material as an addendum to this Statement after Appendix 1.)

5. What is important about the affected heritage asset(s) ('the significance')? (See guidance section: <https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements-what-important-about-affected-heritage-assets>)

Use this space to describe the significance of the heritage asset(s) including their setting (and any below ground archaeology) identified in Section 3. Please see the guidance notes on page 9 on what a heritage asset is and how to define significance.

(Please continue on a separate sheet of paper if further space is required and attach / include as an addendum to this Statement after Appendix 1.)

<p>The Property is a prime example of mid-19th century town housing typical of Brighton.</p> <p>The “rubble walling” described in the listing is likely to be Bungaroosh, a form of wall construction local to Brighton, parts of Lewes and parts of Worthing. Issues with water penetration can significantly impact the structural integrity of Bungaroosh structures.</p> <p>The development of Brunswick Town (formerly Wick Farm) came after local land and property owners applied for an act of parliament to develop the area to include paving drainage and lighting. The resulting act was later contributory to the Hove Commissioners Act 1873 and as such, these early properties helped shape local architecture for the development of Brighton and Hove as we know it.</p>

6. How will the proposals impact on the significance of the heritage asset(s) including their setting? (See guidance section: <https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements-how-will-proposals-impact->

[significance-heritage-assets](#))

Please discuss what impact the proposals have on the heritage asset(s) i.e. loss or disturbance of historic building fabric, below or above ground archaeological impacts, setting or change of relationship between buildings and altering scale. **(Please continue on a separate sheet of paper if further space is required and attach / include as an addendum to this Statement after Appendix 1.)**

The proposed render replacement will reinstate an original feature of the Property, which will help to protect the building fabric from degradation resulting from increased moisture levels.

There will be no significant impact to the appearance or structure of the Property.

7. How has the proposal been designed to conserve the significance of the heritage asset(s) including their setting? (See guidance section:

<https://www.brighton-hove.gov.uk/content/planning/heritage/heritage-statements-how-has-proposal-been-designed-protect-significance>)

Describe how the proposal has been designed to conserve and enhance the significance of the heritage assets (including below ground archaeology). Also describe how any harmful impacts have been avoided or minimised. For example, use of raft foundations, movement of the proposed extension to a less sensitive location.

(Please continue on a separate sheet of paper if further space is required and attach / include as an addendum to this Statement after Appendix 1.)

We have taken samples of the render which have been shared with The Lime Centre, who analysed and tested them and proposed the 3 coat pre-mixed natural hydraulic lime render system that we have specified as the most suitable system.

The lime system will allow the wall to breathe and evaporate vapour as intended and will accommodate any thermal movement in the walling system beneath.

HER Consultation report attached	<input type="checkbox"/>
HER Consultation report not considered necessary as confirmed in attached email from HER	<input checked="" type="checkbox"/>
<p>HER Consultation report not relevant for reasons indicated by the Local Planning Authority. These reasons are:</p> <ul style="list-style-type: none"> - The site is not located in an Archaeological Notification Area and is not a major development - The site is located in an Archaeological Notification Area but no below ground works or demolition works are proposed - The application is for change of use 	<div style="display: flex; flex-direction: column; align-items: center; gap: 10px;"> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> </div>

Guidance Notes

The **Heritage Statement** should identify all **heritage assets** potentially affected and their settings; describe their significance; and assess the potential impact of the proposal on that significance, including direct physical change and change to their setting.

Heritage assets include designated and non-designated assets, as well as both buildings and below ground archaeology.

The **National Planning Policy Framework (NPPF)** (Department for Communities and Local Government, July 2018) sets out the government's planning policies for England and how these are expected to be applied. The relevant section which relates to heritage is: **Section 189** which states that:

In determining applications, local planning authorities should require an applicant to describe the significance of any heritage assets affected, including any contribution made by their setting. The level of detail should be proportionate to the assets' importance and no more than is sufficient to understand the potential impact of the proposal on their significance. As a minimum the relevant historic environment record should have been consulted and the heritage assets assessed using appropriate expertise where necessary. Where a site on which development is proposed includes or has the potential to include heritage assets with archaeological interest, local planning authorities should require developers to submit an appropriate desk-based assessment and, where necessary, a field evaluation.

National Planning Policy Framework:

<https://www.gov.uk/government/publications/national-planning-policy-framework--2>

For **further information** on assessment of significance and assessing the potential impact of a proposal on that significance, including setting, can be found in (or their future updates):

- CLG (2012) **National Planning Policy Framework (NPPF)** (especially paragraph 17, Section 12 and Annex 2 Glossary)
- CLG (2014) **Planning Policy Guidance (PPG)** (especially 18a, paragraph 001-063)
- Historic England (2015) **Good Practice Advice (GPA) note 2 Managing Significance in Decision Taking in the Historic Environment**
- Historic England (2015) **Good Practice Advice (GPA) note 3 The Setting of Heritage Assets**

The NPPF and PPG also include a Glossary and explanation of terms, such as 'heritage asset', 'setting' and 'significance':

Heritage asset: A building, monument, site, place, area or landscape identified as having a degree of significance meriting consideration in planning decisions, because of its heritage interest. Heritage asset includes designated heritage assets and assets identified by the local planning authority (including local listing).

Setting of a heritage asset: The surroundings in which a heritage asset is experienced. Its extent is not fixed and may change as the asset and its surroundings evolve. Elements of a setting may make a positive or negative contribution to the significance of an asset, may affect the ability to appreciate that significance or may be neutral.

Significance (for heritage policy): The value of a heritage asset to this and future generations because of its heritage interest. That interest may be archaeological, architectural, artistic or historic. Significance derives not only from a heritage asset's physical presence, but also from its setting. (NPPF Annex 2: Glossary)
