This Message originated outside your organization.

FAO Fay Humpherson

Dear sirs, further to your emailed letter received today, firstly we would like to confirm our agreement to the revised of project title you have suggested in item. Please find attached amended plans to suit items 2 and 4, amended CIL for 1 and additional CIL form2 requested.  
I have sent enquiries out to consultants to prepare a FRA to suit flood zones 2 & 3 and we hope to submit this asap. Regarding item 3 on your notes the flank elevation north is built partly off the existing boundary wall as indicated on the plan and front/rear elevations therefore is part of the new and existing north elevations and that is what I have shown so I hope this clears that query and look forward to hearing from you on that matter.
