Description of Proposed Works

Please describe the proposed works

Installation of an air source heat pump outside the garage of the property on the south west aspect of the property. The heat pump size required for the house is 12 KW. The model proposed is the Vaillant aroTherm Plus 12KW with dimensions as follows: H1.565m, W1.1m, D0.449m and an overall volume of 0.77m³. The location of the site has been selected because the ground is already reasonably level and would avoid extensive and disruptive ground works at the side of the property leading to felling of trees and soil disturbance. The heat pump compressor unit will be partially obscured by a retaining wall. We propose to screen the remaining visible part of the compressor unit with yew or beech hedging to minimise the impact of the plans as seen from the highway.

Has the work already been started without consent?

- Yes
 No

Materials

Does the proposed development require any materials to be used externally?

- Yes
 No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Other

Other (please specify):

Hard standing platform (1.1m x 0.5m)

Existing materials and finishes:

Parking

Will the proposed works affect existing car parking arrangements?

- Yes
 No

Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes

No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

Details of the pre-application advice received

The proposed development would not constitute Permitted Development and an application for Householder Planning Permission would be required. The proposed air source heat pump would have an external compressor unit with a volume exceeding the limit specified in paragraph G.2 (d) of Schedule 2, Part 14, Class G of the Town and Country Planning (General Permitted Development) (England) Order 2015. Furthermore, as the dwelling is within the Chedworth Conservation Area, the proposed siting of the unit does not comply with paragraph G.2 (j) of Schedule 2, Part 14, Class G of the Town and Country Planning (General Permitted Development) (England) Order 2015. This is because the proposed site of the unit is nearer to the highway which bounds the curtilage than the part of the dwellinghouse which is nearest to that highway.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
