**SCHEDULE OF MATERIALS**

**SITE:- New Dwelling in Oakeys Field, Primrose Lane, Weald,  
Bampton, OX18 2JA**

**CLIENT:- Mr. & Mrs. A. Smart**

**Planning Application Reference No. 23/02297/FUL – Condition No. 3**

**Prepared By:- APH Associates Ltd**

**Date:- April 2024**

## **External Stone Walls**

New walls to consist of 150mm thick external skin in salvaged Oolitic natural limestone walls in narrow beds, bedded and pointed in 1:1:6 cement (Blue Circle): hydrated lime: sand mortar to match original stable stone. Use traditional techniques all to achieve a 'bagged' joint in the stonework. The requirement is to match as closely as possible the original stable stonework.

Existing stable stonework

## **External horizontal timber cladding**

Horizontal timber feather edged boarding to external cladding to be either Elm, Oak or Chestnut left natural to bleach silver, grey or stained or painted.

## **Roof Tiles**

Reclaimed Red Pan tiles laid to standard gauge to manufacturers recommendations on 25mm x 50mm s.w. and treated roofing battens on Proctor Roofshield Breather membrane to manufacturers recommendations, fixed with stainless steel staples or large headed galv. Clout nails with sealing tape.

Samples of reclaimed red pan tiles
