To whom it may concern,

I have been a customer of Neil's for over 30 years. Whilst waiting for a knee replacement operation Neil very kindly suggested I went to his garden room, as I was unable to climb the stairs at the salon. This was before he moved there permanently -

then when they closed the car park there was no way I could get to the salon in Christchurch.

It is so much calmer at the

garden room, as Neil keeps
it to two customers at a
time since covid.

He's very strict with car
parking. Most of the time I
get a lift or taxi in.

Thankyou for your time.

To Whom it may concern.

Dear Sirs,

I am writing in support of Mr. Neil Bayle's retrospective application for the setting up of his hairdressing salon in the garden of his house.

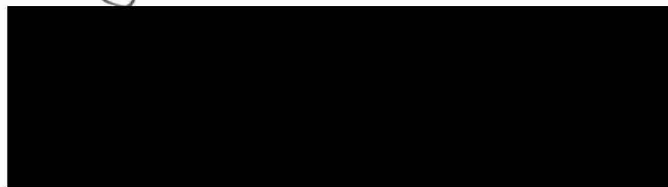

After the Covid era & during the extensive & lengthy renovations to the car park adjacent to his business in central Ormskirk, Mr. Bayle has gone out of his way to look after his clients - some are elderly & infirm.

In normal circumstances it would be difficult enough for Mr. Bayle's customers to negotiate the unevenness of the by-ways of Ormskirk from another car park.

On moving to a safer & more secure environment, Mr. Bayle will ensure the health & safety of his clients into the future.

It should be remembered that the mental well being of Mr. Bayle's clients is as important as their physical.

Yours faithfully

I am a long standing regular customer of the Neil Joseph hair salon. Many of Mr. Boyle's clients are elderly ladies, including myself, and finding it increasingly difficult to drive the stairs up to the original salon.

His decision to move his business into the chalet on his property was very welcome and I have had no problem accessing parking outside. Additionally, having a ground level 'room' is a real help.

Mr. Boyle works hard to make his 'ladies' as comfortable as possible, has been conscious of the needs of his more elderly clients and ensures that we are dealt with quickly and efficiently.
