Dear Ms Upton-Brown
Reference 11Culvelands Crescent, Ash. GU12 6TD

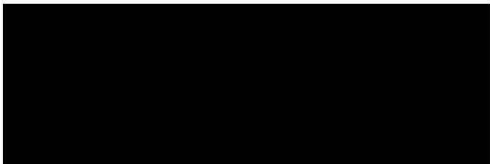

Thank you for your letter dated 18th April 2024.

As requested please find attached within the email revised plans B1200/501 rev A and B1200/502 rev B. These now contain further dimensions.

Regarding item (2) I do not believe a Climate Change, Energy and Sustainable Development statement is appropriate for a small extension of this nature.

This letter and documents has been sent directly to Claudia Jaulimsing as directed.

Should further information be considered necessary please do not hesitate to contact me.
