○ Yes② No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?
○ Yes⊙ No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's <u>Flood map for planning</u> . You should also refer to national <u>standing advice</u> and your local planning authority requirements for information as necessary.)

Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
 ○ Yes, on the development site ○ Yes, on land adjacent to or near the proposed development ⓒ No

b) Designated sites, important habitats or other biodiversity features
 ○ Yes, on the development site ○ Yes, on land adjacent to or near the proposed development ② No
c) Features of geological conservation importance
 ○ Yes, on the development site ○ Yes, on land adjacent to or near the proposed development ⊙ No
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.
Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?
○ Yes ⊙ No
Please add all the exemptions or transitional arrangements that apply and provide a reason why
Exemption: Temporary exemption for non-major developments (small sites exemption)
Reason for selecting exemption: THIS IS A SMALL SITE THAT IS COMPLETLY COVERED WITH SEALED SURFACES AND NET GAIN CANNOT BE ACHIEVED
Note: Please read the help text for further information on the exemptions available and when they apply
Foul Sewage
Please state how foul sewage is to be disposed of:
✓ Mains sewer
