Level Monitoring Difference Graphs

The following graphs display the progressive movement that each Level Monitoring Station recorded at each separate site visit date to give an overall look at how much the property is moving.

Level Monitoring Displacement Map

The following image shows an isometric representation of the movement of the property, based on the Level Monitoring Stations that were installed.

FRONT

Site Visit Notes

Deep datum installed in front garden adjacent to position one. Please note access to the left hand flank is obstructed by a lean too shed which is fully shelved out.

Site Visit: 26 July 2023

Policy holder is very concerned about new cracking on the inside of the property.
