CLIENT

David Lovely

SAFETY, HEALTH AND
ENVIRONMENTAL INFORMATION

IN ADDITION TO NORMAL RISKS ASSOCIATED WITH BUILDING CONSTRUCTION;

1. Temporary frame stability during erection.
2. Working at height
3. Delivery and installation of unusually long and heavy members.
4. Securing steel frame transfer beams and cantilevers
5. Manual handling
6. Site welding
7. Access through construction site by general public

It is assumed that all works will be carried out by a competent contractor working, where appropriate, to an approved method statement.
