Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.

Please add all the exemptions or transitional arrangements that apply and provide a reason why
Exemption: Planning applications submitted before commencement of biodiversity net gain (12 February 2024) Reason for selecting exemption:
