Good Afternoon,

Regarding the above application, please could you provide the below information in order for me to proceed with validation:

- 1 – Please provide the existing 1<sup>st</sup> floor floor plan, at a scale of 1:100.
- 2 – The proposed rear elevation indicates 3 windows, however the corresponding floor plan only appears to indicate 2 windows. Please could you confirm and update the plans as appropriate.

Kind Regards

Lucy
