Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to any changes to windows on the 2nd floor. Any changes to windows on the 2nd floor would encroach on the privacy of neighbours. Although this would not necessarily affect my side, I feel if this is allowed it will set a precedent and an allowance for more changes. The applicants signed off on the original plans and agreed with the council that this is what they were going to follow. Nothing has changed so they knew the restrictions when it was signed off. This is already a very contentious build within the neighbourhood and I wouldn't want little changes to keep creeping in when all of the residents fought extremely hard against the planning permission in the first place. All of the concessions made were not satisfactory but the build was agreed nonetheless
