

Fergus Road Two Way System
Two way system on Fergus Road to access adjacent properties.
Contractor to take cognisance of this in their traffic management system to reduce to a minimum any disruption.

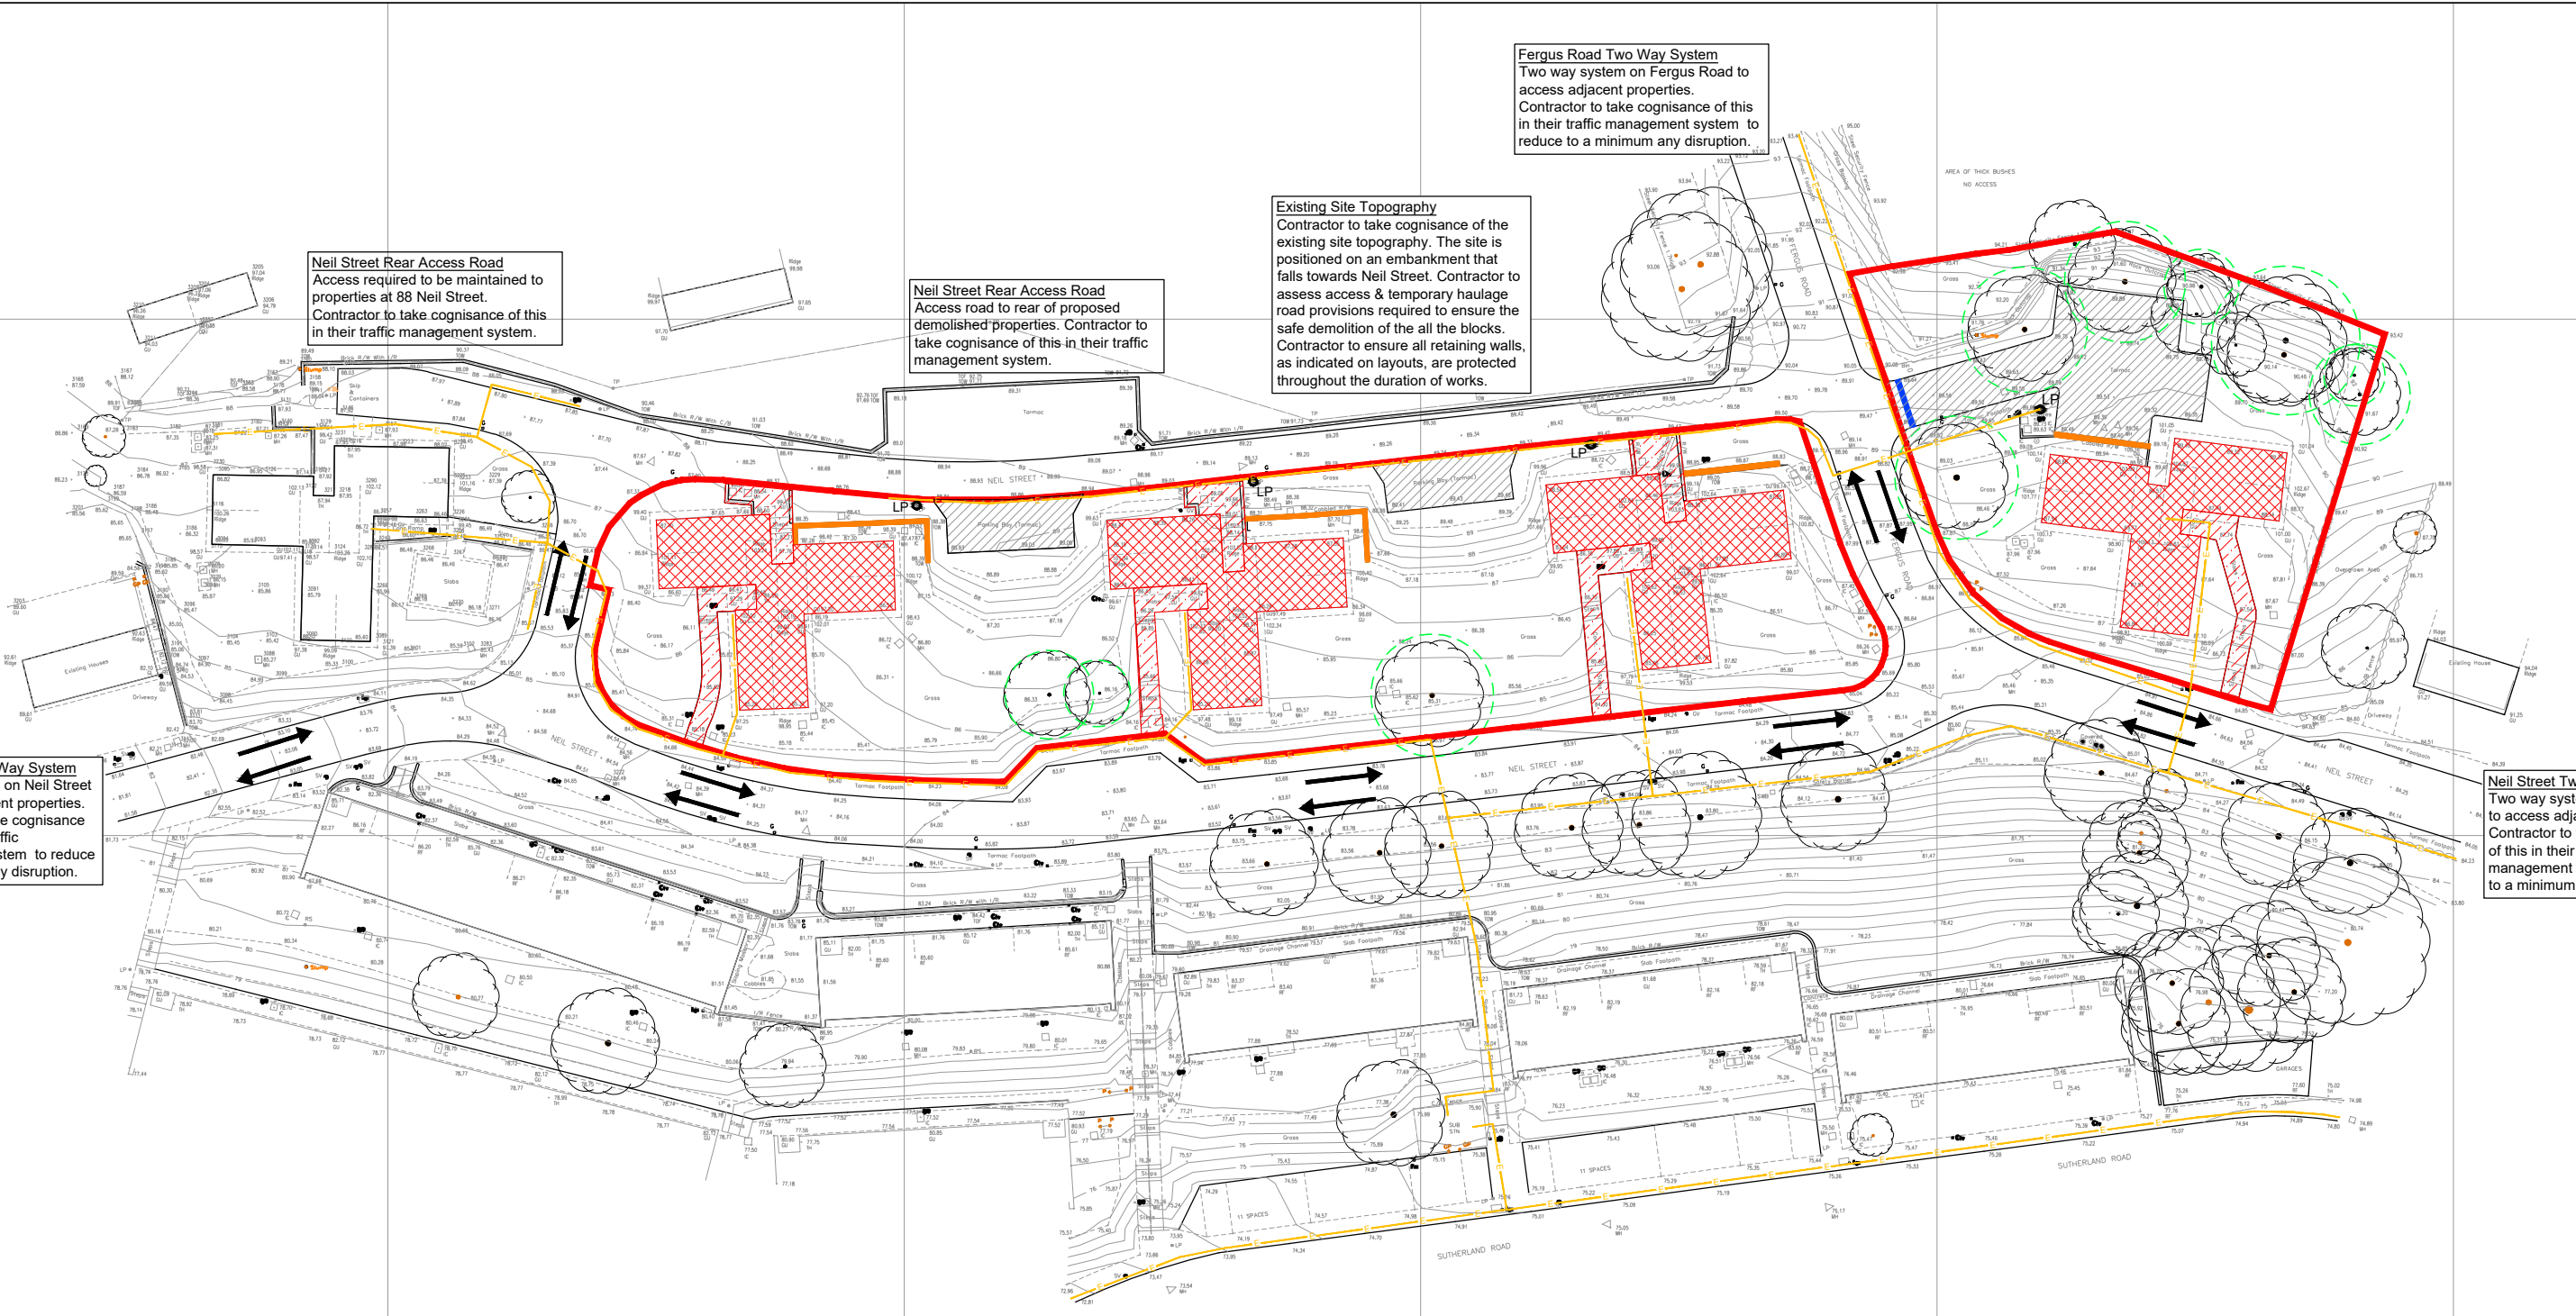

Existing Site Topography
Contractor to take cognisance of the existing site topography. The site is positioned on an embankment that falls towards Neil Street. Contractor to assess access & temporary haulage road provisions required to ensure the safe demolition of all the blocks. Contractor to ensure all retaining walls, as indicated on layouts, are protected throughout the duration of works.

Neil Street Rear Access Road
Access required to be maintained to properties at 88 Neil Street.
Contractor to take cognisance of this in their traffic management system.

Neil Street Rear Access Road
Access road to rear of proposed demolished properties. Contractor to take cognisance of this in their traffic management system.

Neil Street Two Way System
Two way system on Neil Street to access adjacent properties.
Contractor to take cognisance of this in their traffic management system to reduce to a minimum any disruption.

Neil Street Two Way System
Two way system on Neil Street to access adjacent properties.
Contractor to take cognisance of this in their traffic management system to reduce to a minimum any disruption.
