

23 April 2024

Statement reference release of
conditions on application
23/2591/lbc

Statement

It should be pointed out that within our application it states that the objective is a clear distinction between new and old the goal of the glass front isn't for the extension to distract from the ascetic qualities of the building quite the opposite but instead to be subtly but clearly identifiable from the original structure

- **Roofing materials including product details sample and method of fixing natural slate with nail fixing**

Sign reference 50 6X which is a dark blue black traditional slate, also approved on approval 21/2680LBC discharge of conditions (adjoining roof)

- **New windows and doors ,including sections mouldings profiles and paint colour sections to casement frames and glazing bars**

Drawings attached aluminium profile in anthracite grey slimline frames with bifold doors
