

1 Borrowell terrace

Borrowell Lane

Kenilworth

CV8 1ER

22 April 2024

Dear Sir/Madam

Application W/24/0541TCA

Thank for your email today requesting additional information in regard to the above application.

The primary works as noted are to two hazels trees on our property that are being coppiced to ground level either end of the existing garage as per the original sketch.

The laurel, holly and hazel you requested further details (photos below) on are further down the garden and located on the adjacent property (13 Borrowell lane) however we only propose to cut back overhanging limbs and foliage to our fence line (crown reduction on our side to a height of circa 6m). As shown on the below sketch plan and photographs. We would estimate that the laurel overhangs laterally by circa 1.5 to 2m while the holly is circa 0.6m from the fence line and the hazel is up to circa 1.5m from the fence. Viewed from ground level individual limbs appear to be less than circa 50mm in diameter on the laurel and hazel with majority of branches on this and the holly well below this.

Subject to approval we would propose to engage experienced tree surgeons Tree Wise Men to undertake the work.

We further append overleaf a sketch plan to show the relationship of the trees named.

We hope the enclosed meets with your approval and addresses the queries raise.

Best regards

Richard Allum
