Details of the pre-application advice received

The proposed extension does not comply because it would extend beyond a wall forming a side elevation of the original dwellinghouse and consequently have a width greater than half the width of the original dwellinghouse. There is no information submitted within the application to confirm it is not original, and a map available to the Local Planning Authority demonstrates the dwellings of the original development to have these extensions. Therefore, a householder planning application must be submitted to the Local Planning Authority should you wish to erect the single story rear extension.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
