Application No:**Planning Department**

PO Box 14941, London W5 2HL

Application to determine if prior approval is required for a proposed: Installation, Alteration or Replacement of other Solar Photovoltaics (PV) equipment on the Roofs of Non-domestic Buildings

The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 14, Class J

**Publication of applications on planning authority websites**

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

**Site Location**

**Disclaimer:** We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

## Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Please specify the type of roof on which the solar photovoltaic equipment is to be installed:

- Flat  
 Pitched

Would any part of the solar photovoltaic equipment protrude more than 0.2 metres beyond the plane of the roof slope (when measured from the perpendicular with the external surface of the roof slope)?

- Yes  
 No

Would any part of the solar photovoltaic equipment come within 1 metre of the external edge of the roof?

- Yes  
 No

Would the total electrical generation capacity of all the equipment installed on the building under permitted development rights (previously and in this proposal) total no more than 50 kilowatts?

- Yes  
 No

Please note: This question was added to confirm proposals exceeded the 50 kilowatt 'microgeneration' threshold. A previous question on the total generation capacity exceeding 1 megawatt was removed after this limitation was lifted by government on 21 December 2023.

Would the solar photovoltaic equipment be installed on any part of the roof of a building that is:

- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

- Yes  
 No

Please note: This question was updated to remove reference to installation on roof slopes fronting highways on Article 2(3) land after this limitation was lifted by government on 21 December 2023.

## Description of Proposed Works

Please describe the proposed development:

608 no. solar PV panels to be installed to existing south-facing roof slopes on a warehouse building on an industrial estate. The building has raised parapet walls around the perimeter of the roof so that the panels will not be visible from street level or from adjoining commercial units. There will be no change to the external appearance of the building.

## Site information

**Please note:** This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).

[View more information on the collection of this additional data and assistance with providing an accurate response.](#)

## Title number(s)

Please add the title number(s) for the existing building(s) on the site. If the site has no title numbers, please enter "Unregistered".

**Title Number:**  
N9L490082

## Energy Performance Certificate

Do any of the buildings on the application site have an Energy Performance Certificate (EPC)?

Yes

No

## Superseded consents

**Please note:** This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).  
[View more information on the collection of this additional data and assistance with providing an accurate response.](#)

Does this proposal supersede any existing consent(s)?

Yes

No

## Development Dates

**Please note:** This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).  
[View more information on the collection of this additional data and assistance with providing an accurate response.](#)

When are the building works expected to commence?

06/2024

When are the building works expected to be complete?

08/2024

## Scheme and Developer Information

**Please note:** This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).

### Community energy

Will the proposal provide any on-site community-owned energy generation?

Yes

No

### Heat pumps

Will the proposal provide any heat pumps?

Yes

No

### Solar energy

Does the proposal include solar energy of any kind?

Yes

No

Total Installed Capacity (Megawatts)

0.24

### Passive cooling units

Number of proposed residential units with passive cooling

0

### Emissions

NOx total annual emissions (Kilograms)

0.00

Particulate matter (PM) total annual emissions (Kilograms)

0.00

### Greenhouse gas emission reductions

Are the on-site Green House Gas emission reductions at least 35% above those set out in Part L of Building Regulations 2021?

Yes

No

### Green Roof

Proposed area of 'Green Roof' to be added (Square metres)

0.00

### Urban Greening Factor

Please enter the Urban Greening Factor score

0.00

### Residential units with electrical heating

Number of proposed residential units with electrical heating

0

### Reused/Recycled materials

Percentage of demolition/construction material to be reused/recycled

0

## Declaration

I/We hereby apply for Prior Approval: Roof mounted solar PV on non-domestic building as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration

Signed

Albena Robson
