Subject to a detailed flood risk assessment being carried out, officers consider that the principles of an extension to the existing building would be acceptable in policy terms as set out in the East Devon Local Plan and the Sid Valley Neighbourhood Plan. Any detailed proposals would need to consider the impacts upon the view along The Esplanade as identified in the conservation area appraisal and the Sid Valley Neighbourhood plan, and be of a sufficient quality to preserve and enhance the character of the conservation area and the setting of nearby listed buildings along the esplanade. Given that the proposals are to improve an existing community amenity which relates to the site's fishing and maritime heritage, subject to the detailed design of the proposals this could be viewed favourably by officers in the event that a formal application is submitted for consideration.
