What Is This Notice For?

This notice and the information attached to it has been served on you by Glasgow City Council because your property has been identified as a neighbouring property to a proposed development. The Council is legally required to inform you of the submission of the application.

How Do I Make Representations?

Details how to make representations on applications can be found online at www.glasgow.gov.uk/makeacomment. Details of the relevant Privacy Notice can be found on here on www.glasgow.gov.uk/pbsprivacy. The undernoted information summarises the main points.

Consider the proposal and if there is something about the proposal which you wish to comment on. The Council will only consider representations made on valid planning grounds. These are called “material considerations” and some examples are listed below (this list is not exhaustive):

- Contrary to the City Plan/Structure Plan
- Residential amenity e.g., noise, overshadowing
- Effect on listed buildings and conservation areas
- Impact on natural environment
- Appearance (design, materials etc.)
- Traffic, parking or access problems

What Happens If I Make Representations?

Your representation will be acknowledged. Any representations you make will be open to public view (both at the Planning office and on the internet). Material representations will be taken into account by the Council when making the decision, provided they have been received within the notification period. You will be advised in writing of the Council's decision. Anonymous objections will not be considered. You **do not** have the right of appeal against this decision.

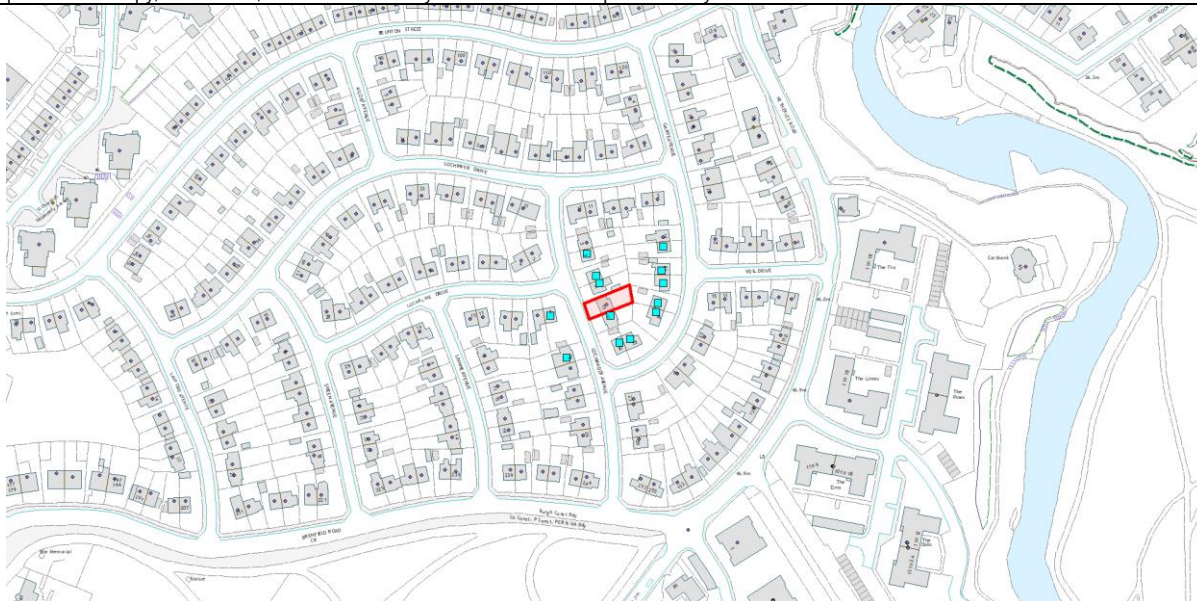

Most applications are dealt with under the terms of the Scheme of Delegation. This is available online at www.glasgow.gov.uk/planningguidance. Other applications are presented to the Planning Applications Committee for decision. In some cases, this Committee can take the final decision on the application, whilst in other cases the application requires to be referred to the Full Council. Irrespective of how the application is decided, any material objections you submit within the specified period, normally 28 days, will be considered in the decision-making process.

Glasgow City Council is registered under the Data Protection Act 2018 and is a local authority established under the Local Government etc. (Scotland) Act 1994. The Council is under an obligation to properly manage public funds. Accordingly, information that you submit may be used to prevent and detect fraud and may be shared for the same purpose with public bodies or other organisations which handle public funds.

What Happens If I Make Representations?

Your representation will be acknowledged. Any representations you make will be open to public view (both at the Planning office and on the internet). Material representations will be taken into account by the Council when making the decision, provided they have been received within the notification period. You will be advised in writing of the Council's decision. Anonymous objections will not be considered. You **do not** have the right of appeal against this decision.

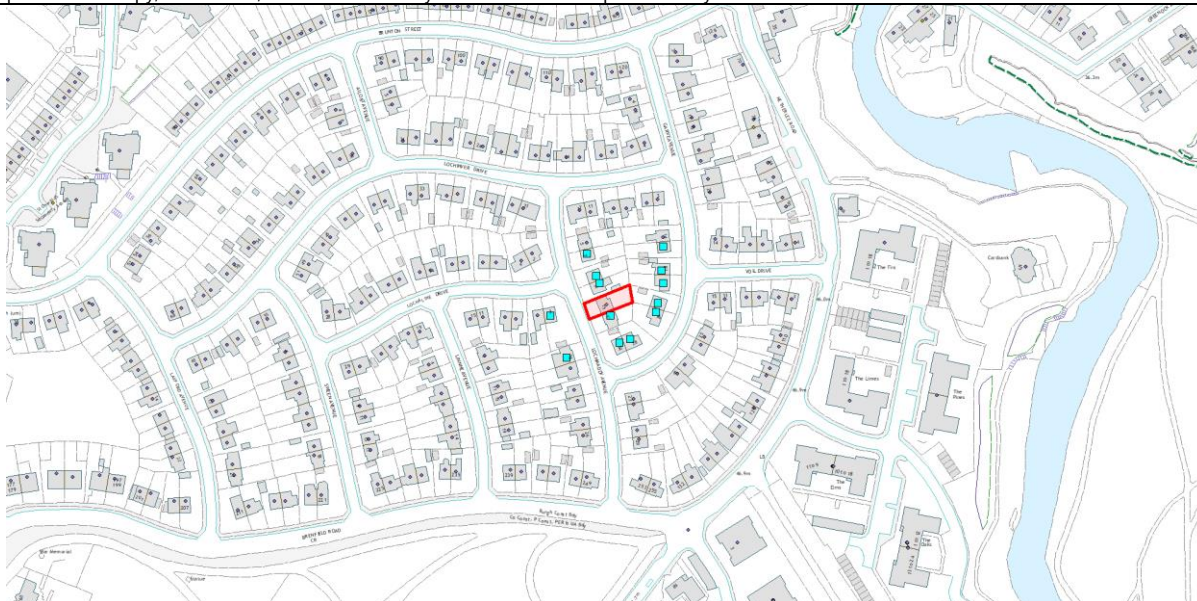

Most applications are dealt with under the terms of the Scheme of Delegation. This is available online at www.glasgow.gov.uk/planningguidance. Other applications are presented to the Planning Applications Committee for decision. In some cases, this Committee can take the final decision on the application, whilst in other cases the application requires to be referred to the Full Council. Irrespective of how the application is decided, any material objections you submit within the specified period, normally 28 days, will be considered in the decision-making process.

Glasgow City Council is registered under the Data Protection Act 2018 and is a local authority established under the Local Government etc. (Scotland) Act 1994. The Council is under an obligation to properly manage public funds. Accordingly, information that you submit may be used to prevent and detect fraud and may be shared for the same purpose with public bodies or other organisations which handle public funds.
