Re: Tree pruning at Spinnaway Cottage, Church Hill, Slindon, Arundel BN18 ORD

I am writing giving notice of our intent to undertake the following tree pruning within a designated Conservation Area.

- 1. Beech (T1)** – remove lowest small-diameter branches in all sectors to raise crown to 4.5m above ground level; shorten branch tips overextending towards the house (2m-3m); shorten branch tips in the mid-crown of the south-east, south, south-west and west sectors to suitable growth points (by up to 4m).

The tree is in the garden at Spinnaway Cottage and is shown marked on the plan overleaf.

Please do not hesitate to call me should you require any further information.

Yours sincerely,

Jonathan Rodwell Cert Arb L4(ABC); TechArborA
