“

Once again, Lyfthaus has done me proud.

V.A Private Client

”

In case we haven't crossed paths before, let us introduce ourselves. We're Lyfthaus, a talented British born and raised platform lift company near Cambridge who design and manufacture beautiful bespoke disabled access platform lifts. We have an inspiring website and a team of friendly experts to help you create the perfect platform lift for your project and property style.

Everything we do is intended to help make your life a little easier and to spark your creative thinking when considering stunning architectural platform lift design. Contemporary or heritage, big statements or discreet details. We are here to make your platform lift concept a vertical transport reality. Beautiful spaces made beautifully accessible by Lyfthaus.

Darren Papani
Founder

Lyfthaus premium open aspect platform lifts can be found in Britain's finest buildings, architectural icons and A-list properties

Raised in Cambridge. Supplied nationwide

The Lyfthaus Technology Centre near Cambridge

Lyfthaus have a well proven team of experienced and innovative design engineers and creative thinkers who deal solely with the stylish and refined tastes of architectural clients. Placing their clients' needs at the heart of every design, the Lyfthaus objective is to exceed clients' expectations, delighting them by providing an individual and unique service that delivers an uncompromisingly high standard of design, fit and finish to every project.

Lyfthaus designs are never about us. Our clients are our focus. Our designers are not only passionate, skilled and experienced, but are excellent listeners and communicators. We take the time to thoroughly understand our clients and what they want from each individual platform lift project. Only then do we start to think about the design itself.

We are the lift industry's foremost creative designers providing architects with an unparalleled freedom of choice and the source of the very best architecturally inspired platform lift design solutions. The Lyfthaus team develop trusted relationships that see clients returning time after time, year after year.

We combine stimulating new trends and finishes with a client's key requirements to guarantee a design that is exclusive, reflecting their own property style and requirements.

Lyfthaus offers expert knowledge and advice, using tailor made designs, hand-crafted studio based manufacturing methods and luxury finishes enabling clients to realise the full potential of their new bespoke platform lift.

Working in close liaison with the architect and client under very strict design guidelines this stunning CUBE model was developed. A beautiful example of a lift that remains honest to the original architecture within a wonderful A-list property.

LiftHaus

Exquisite hand crafted oak. Stunning workmanship to complement beautiful architecture. Why mask a platform lift when it can be hidden in plain sight. A wonderful example of creative thinking by our brilliant team.

The logo for Lytthaus, featuring the name in a white, elegant script font. The letter 'L' is particularly large and stylized, with a long vertical stroke that extends downwards. The background is a solid teal color.

“

Love it! So, so stylish.

C.J. Architect

”

Lythaus

This CUBE model travels within a frameless glass enclosure and is fitted with a 70mm deep platform tray which accommodates hand-cut, Italian marble.

Finished in a bronze metallic pearlescent powder coat with bronze buttons this TBD2000 complements the bronze fin screens in this reception area perfectly. An upper level balcony style gate matches beautifully.

Lylthaus

This pair of bespoke heritage lifts has been designed to complement the interior of this architectural A-lister perfectly with the clever use of bronze metallic PPC finishes with real bronze capping. The balustrade matches the design used elsewhere within the property and the stone flooring follows seamlessly into the platform. This grade 1 listed building is now fully accessible yet doesn't distract or draw attention from the splendour of the adjacent architecture. These lifts were designed in close consultation with the project team.

“

The Perfect Lift!

”

C.B. Property Developer

Designed in close liaison with a local architect this lift features frameless glass with metallic bronze steelwork and matching timber flooring. The outer gates have been clad with timber veneer's to complement adjacent materials.

Lylthaus

Situated in one of London's most exclusive addresses this Autograph TB2000 features a custom metallic champagne finish to complement the exterior of the property.

This gem of a bespoke platform lift uses forged balustrades cast from a 16th century gate found within the castle grounds. Castellations along the top edge and spearheads along the bottom, York stone sets and custom downlighters are included in this truly unique tailor-made example.

“

It's Brilliant. I do love your work.

E.H. Interior Designer

”

Designed to complement the remodelled interior of this central London office building. We have used a textured mat black PPC and frameless glass

Lylthaus

Situated in the heart of London's Square Mile this Heritage platform lift has spearhead finials and railings replicated from existing street side balustrades to ensure that the lift is as discreet as possible. The platform is finished with matching York stone and the rear barriers and upper gate are in frameless glass. The platform has sheet steel scissor protection and bi-parting gates

This bespoke design captures the character of this 266 year old former Police Station, Jail and Court House beautifully. Now a stunning five star hotel in London's Covent Garden, this lift can be found in the entrance lobby and is intended to provide a glamorous reminder of the buildings infamous residents which include the Kray Twins, Dr Crippen and General Pinochet.

The lift reflects this heritage perfectly with chemically blackened steel with a bronze lacquer, leaded glass and granite slabs to the platform. The lift is used for disabled access and luggage transportation

The logo for Lytthaus, featuring the name in a white, stylized, handwritten font on a teal background. The letter 'L' is particularly large and stylized, with a horizontal bar extending from its base.

A very challenging installation within a very restricted site. This three stop, three entrance point lightwell lift features gates and balustrades that complement the original Victorian wrought ironworks perfectly. The lift is exceptionally discreet, and dissolves into it's backdrop beautifully. This was an essential part of the planning consent due to the historic importance of this location which is often used for period television and film including Downton Abbey and the latest Wonder Woman movie.

Lifthaus

“

At last, a supplier that understands beautiful design. No more intimidating beige plastic boxes!

A. N. Architect

”

The juxtaposition between old and new works wonderfully in this fully restored priory. This low profile lift has adjacent entry/exit.

LiftHaus

This Lyfthaus Autograph model takes pride of place within the Media Café of London's newest super stadium which is home to Tottenham Hotspur's FC. The lift has tiled flooring to match adjacent surfaces and a chain mail protective skirt to mask the scissor mechanism.

Heritage style barriers make this lift blend seamlessly with its historic environment

Clinic, Central London

This lightwell basement lift transports patients from street level up to entrance level and also down to basement level - one below zero. We have adapted the original street level balustrade to form an unobtrusive interlocked gate.

“

This project was a career highlight.

J.S. Architectural Specialist

”

All Lyfthaus Collection platform lifts are designed for constant operation. No matter how busy the traffic flow your lift can handle it! This lift is installed in a large office complex with many disabled employees and visitors.

Your beautiful platform lift designed to suit your exact requirements.

Let's Get Creative!

Like all pioneers, the Lyfthaus founders' approach to platform lift design had to be unique. To be different. They wanted Lyfthaus to stand out by standing for something different and for many years the company has done just that. Year after year, new platform lifts and refreshed designs have been introduced, each as impressive as the last, keeping pace with continually evolving architectural trends. As time has progressed a company style has emerged and now The Collection created by Lyfthaus of Cambridge is internationally recognised as the open aspect platform lift industry's leader in stylish contemporary design, technical innovation and bespoke adaptability.
