Based on site plan by MK Surveys
 To be read in conjunction with
 Tree report by Moore Partners
 in line with BS5837:2012
 Original is in colour a monochrome
 copy should not be relied on.

A topographical survey was
 available for some of the tree positions within
 the site. The trees not on the survey, were measured
 using simple triangulation techniques.
 Though care is taken discrepancies
 can occur and if great accuracy is needed
 a topographical survey should be
 commissioned.
 Dimensions should be verified on site.
