#### **Conditions**

If permission has been granted you will see that it may be subject to a number of planning conditions. They are an integral part of our decision on your application and are important because they describe how we require you to carry out the approved work or operate the premises. It is YOUR responsibility to comply fully with them. Please pay particular attention to those conditions which have to be met before work commences, such as obtaining approval for the siting and levels of buildings and the protection of trees on the site. If you do not comply with all the conditions in full this may invalidate the permission.

There is a fee required when submitting an application to discharge conditions to the District Council, unless the application relates solely to conditions on a listed building consent.
