### Description

Please describe details of the proposed development or works including any change of use

The property is currently residential dwelling where I live and run a childminding business from - DoReMi Childminding. I am applying for planning permission to change the use of the property into commercial use. This would allow me to increase the number of children I can offer childcare to. There is currently a high demand for childcare in the area due to the introduction of 2 year funding as well as a number of childminders closing their businesses. I currently have a waiting list of 5 children and continually have enquiries. By changing the use of the property, I will be able to run as a nursery; therefore, this will help with the high demand for childcare for working parents in the local community and aid the up take of the new government childcare funding scheme.

There will be no change to the exterior of the property or the internal structure. However, we will be adding a downstairs toilet but this will aid the future value of the property.
